Number of participants (attended program / event)	56

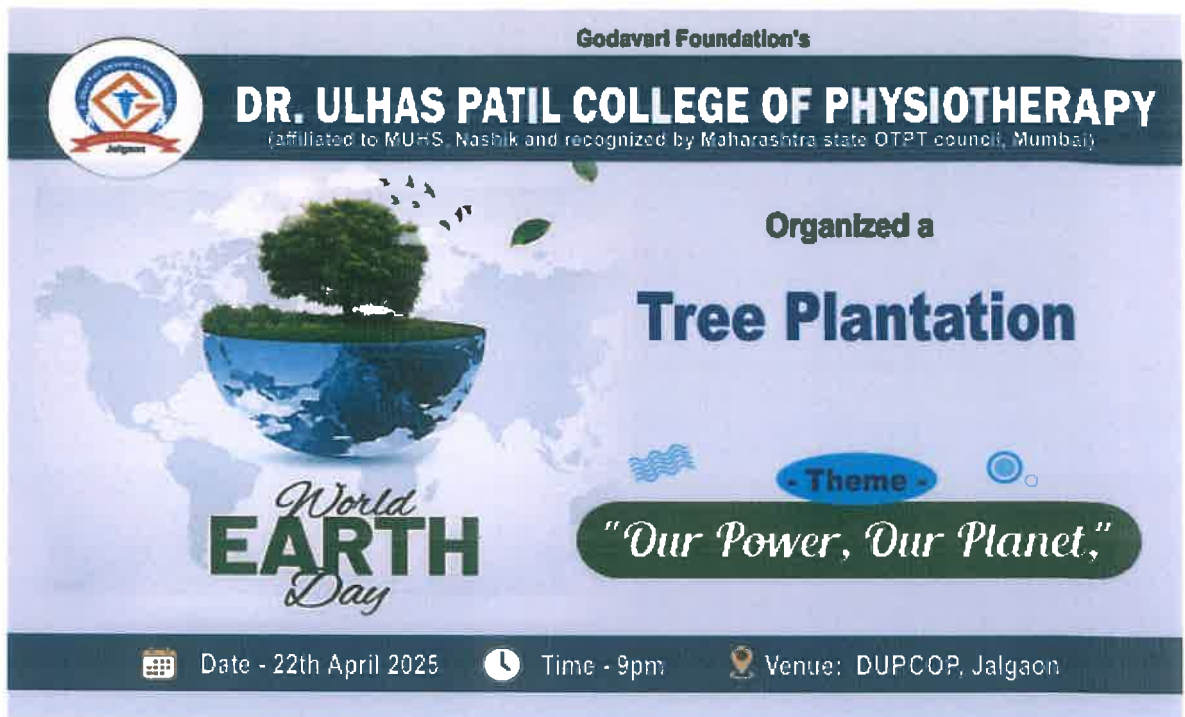

Brief about the program
(activity/ Event details)

On the occasion of **World Earth Day**, our college proudly organized a **tree plantation drive** to promote the importance of environmental conservation and raise awareness about sustainable living. This initiative was aimed at instilling a sense of responsibility among students towards protecting our planet.

Understanding the critical role that **trees** play in maintaining ecological balance, this plantation drive highlighted the urgent need to increase green cover and combat the challenges of pollution and climate change.

The event was graced by the **Principal of the college Dr. Jaywant Nagulkar sir**, who led by example by planting the first sapling. The students, along with the teaching and non-teaching **staff**, actively participated in the event with great enthusiasm and commitment. Their collective efforts made the event a meaningful step towards a greener and healthier Earth.

The program concluded with a heartfelt **vote of thanks** delivered by **Mr. Manoj Suryawanshi**, appreciating everyone's contribution and encouraging continued efforts towards environmental protection.
